A TRUE POSITION TOOLS®

B Cabinet Hardware & Shelf Pin Jigs

C Install Hardware In Seconds. Save Time - Save Mistakes!

The days of measuring each door or drawer by hand or using a block of wood are over!

The True Position Hardware Jig makes short work of any hardware layout. You will be amazed how easy hardware is to install! All are made in the U.S.A. out of durable aircraft quality light-weight aluminum and feature replaceable case hardened steel bushings!

1 Set hardware spacing using integrated english/metric ruler

2 Adjust to desired location on stile and rail, then tighten thumbscrews

3 Hold in place and drill!

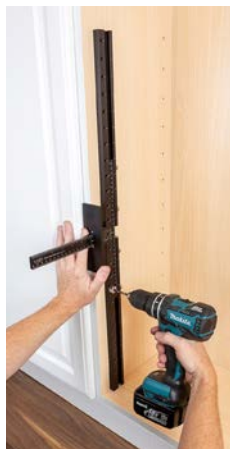

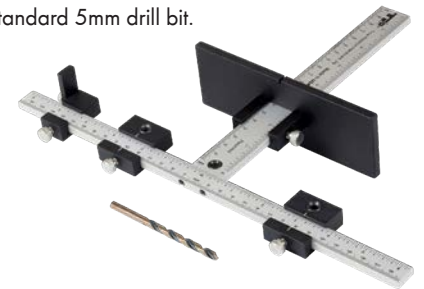

Cabinet Hardware Jig

For professional installation of handles & knobs. Works on doors and drawer fronts.

An invaluable tool for any cabinet installer. Includes standard 5mm drill bit.

- Install hardware 10x faster
- Minimum c/c: 1-1/8" (28mm)
- Maximum c/c: 12" (305mm)
- Includes blow molded case

Item #
JKTP-1934

Item #
JKTP-1935

Cabinet Hardware Jig Plus Shelf Pin/Long Handle Jig

Versatile 3 - in - 1 tool: door hardware - drawer hardware - shelf holes.

Also a great alternative to the line boring machine for the small shop. Includes the basic hardware jig (JKTP-1934) with additional drilling extensions for

32mm line boring. Drill shelf holes in the shop before assembly or on the job after assembly. Also drills

long handles up to 30-1/4" length.

Includes depth stop and standard 5mm drill bit.

Includes depth stop and standard 5mm drill bit.

Includes depth stop and standard 5mm drill bit.

• Install hardware 10x faster

• Minimum c/c: 1-1/8" (28mm)

• Maximum c/c: 30-1/4" (768mm)

• Includes blow molded case

TRUE POSITION TOOLS®

Extended Ruler Attachment

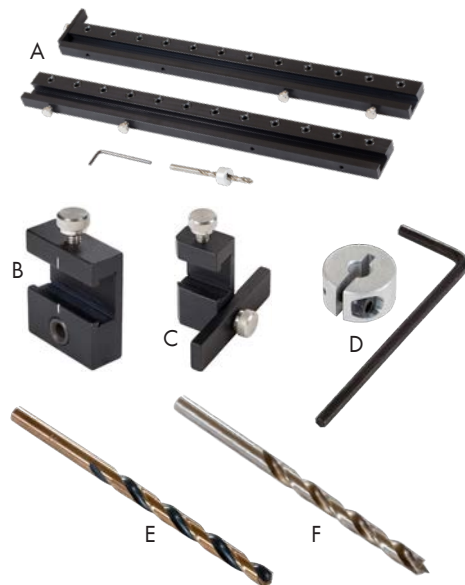

The extended ruler attachment eliminates the need to center your Cabinet Hardware Jig on every drawer front which greatly speeds up hardware installation. Attaches to hardware jig for quicker centering on wide drawer fronts or tall doors. Also allows adjustable starting point for line boring in assembled cabinets (please note this feature requires extension set TP-2312 or TP-1935 with marked center lines, 2016 and newer). Includes 17-1/2" ruler w/ 2-sided print, bracket for T-square connection, 2 extra thumbscrews for attaching to extension set. Fits all TP Hardware Jigs. Included ruler attachment provides a stop for drawer fronts up to 42" wide. Made in USA.

- Eliminates finding center of each drawer front
- Provides a measurable stop for large handles on a door
- Fits all TP Hardware Jigs
- English / Metric
- Made in USA
