A BARN DOOR HARDWARE

Quiet Glide Flat Rail Collection

This hardware is Quiet Glide's Premium-quality take on the flat-rail style of rolling barn door hardware. The minimal contact surface area between the flat rail design and the high-density nylon wheel make for extra quiet operation, and the hardware safely supports a max recommended weight of 250 lbs.

Beautifully traditional yet striking, the simple aesthetics of Quiet Glide's Flat Rail Collection are sure to accent your unique decor!

Each 6' Flat Rail Kit Includes:

- 2 - Straps with Rollers
 - 1 - 6' Flat Rail Segment
 - 1 - Stop Kit
 - 5 - Flat Rail Mounting Brackets
 - 1 - Floor Center Guide
- All necessary fasteners

Available Finishes:

Note: All items are non-stock. Ship direct from manufacturer.

Flat Rail 6' Kits:

Rail Accessories:

Our kits have all the parts you need for a standard 6' rolling door application. If you wish to customize your door (including having a rail longer than 6'), we have additional components available for purchase.

4', 6' & 8' Rail (can be cut to size) →

These aluminum rails are sturdy, yet easy to cut. Each rail measures 2" high. 5/16" holes must be drilled through rail in order to fasten to mounting brackets.

Rolling Ladder Hardware Kits

Each kit includes:

- 2 Top Rollers
- 2 Bottom Wheels
- 7 Rung Support Rods (enough for 8' ladder)
- All Necessary Fasteners

Top Roller Styles:

Standard Roller
Consists of a top and bottom wheel, keeping the ladder fixed onto the rail.

Rolling Hook
Has only one wheel on the top, so the ladder can be removed easily.

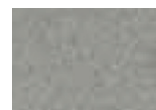

Swivel Roller
Features a built-in swivel, which allows the ladder to be used on curved rails.

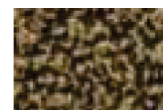

Finishes:

Black

Satin Nickel

Hammered Antique Brass*

Oil Rubbed Bronze

Chrome

*Patterns may vary

Top Hook Styles:

Single Adjustable Hook
Has one hook on the top. The base is adjustable for easy storage.

Double Hook - NEW!
Cost effective alternative. The top hook is for when the ladder is in use and bottom hook is for stow-away.

Note: All items are non-stock. Ship direct from manufacturer.

TOILET PARTITION HARDWARE

Toilet Partition Hardware Technical Information

Jacknob® Corp. has been supplying the highest quality partition hardware for over 40 years. The following pages depict just some of the items that are available from Würth Baer Supply's inventory. There are literally hundreds of additional items available on special order as well as other finishes (brass, polished brass and cast or stamped stainless steel). Special orders are shipped within 72 hours. Contact your territory representative or our inside sales department to receive a complete catalog of the products available.

About ADA Compliance: The American Disabilities Act (ADA) of 1992 was enacted to make accessible all areas of public, municipal and commercial buildings to the physically challenged. Public lavatories and restrooms require special consideration to comply with these new and vigorously enforced regulations. The Jacknob® Corporation has placed specific emphasis on thoroughly understanding and providing the correct hardware to satisfy these new laws, and is ready to supply what you need to come up to code. While their hardware meets or exceeds the new ADA guidelines, they and Würth Baer Supply do indemnify ourselves as corporate and individual entities against situations of installation and actions of others as beyond our control.
