

ORDERING GUIDELINES

The products shown in this brochure are available for special order only in full-truck quantities. Truckload orders ship directly from Wolf's manufacturing facility. Please review the requirements below in order to participate in our truckload program.

Product Mix

Truckload orders must consist of a single door style in one or two colors. If two colors are ordered, quantities must be split as evenly as possible between the two colors. Please be sure to double check your orders to ensure you have not missed any items.

Quantity

Truckload orders must fall between a minimum of 2,200 cubes (including panels, mouldings and accessories) and a maximum of 3,100 cubes. Any ordered material exceeding the maximum will not be included in the final order. In-stock material exceeding the maximum can be ordered out of warehouse using your warehouse multiplier. Any truckload only style and finish combinations cannot be ordered out of warehouse.

Timeframe

Please confirm current lead times with your Wolf Sales Consultant. Lead times may vary due to current production capabilities and product demand. Turnaround time begins once the order confirmation is approved. The delivery date provided on the confirmation is an estimated date available. If you would like a later date, please communicate with Wolf Customer Care to update your order. Once the order confirmation is approved, the delivery date cannot be changed without penalty. Delivery date changes can only be made in the event of inclement weather. Any non-weather related delivery change will result in additional freight charges where applicable. Customer Care will contact you within 48 hours with your delivery date.

Freight

Truckload orders are FOB from our manufacturing facility. Please request a shipping estimate early in the process to ensure you understand all costs associated with your order. If there is a delay between your estimate and order placement, please ask for an updated shipping estimate.

Changes

Once your order confirmation has been approved, the order has been placed into production. No changes can be made after you have approved your order.

Touch Up Kits

Touch up kits are available for purchase and will ship via FedEx. (They cannot ship on the truck with your truckload order.) We will coordinate the timing of your touch up kits to arrive near the delivery time of your truckload.

Unload Time

You will be contacted with a delivery time. Please be prepared to unload the truck immediately upon arrival. There is a two-hour window allowed for unloading. Detention fees will be charged when exceeding the two-hour window. NOTE: When accepting a Builders Mark direct truck, please have adequate manpower on site to unload in the two (2) hour delivery window. Independent drivers do not assist in unloading. Any time incurred beyond the initial two hours will be charged at \$75.00 per hour.
