## Basics™ Product Line

# Looking for Merillat Basics™ sales support? These resources can help.

### Merillat.com

This consumer-facing website offers many ways to inspire organizational solutions in beautiful cabinetry options, as well as drives business to our dealers. Here are some highlights:

- View inspirational designs and photos.
- Visualize door styles by wood species and finish.
- Engage consumers by directing them to the “Step-by-Step Kitchen Planner” to create a mood board to share with their designer.
- Educate consumers about wood characteristics, installation, Merillat Cabinetry sustainability initiatives, and dos and don'ts of cabinetry care.

### CabinetryInfo.com

If you're not currently registered for CabinetryInfo.com, you could be missing important product and brand information that can assist you with your Merillat Cabinetry sales efforts. Its quick and easy, so visit the site and register today. It will enable you to:

- Quote order capabilities.
- Place an order by importing kitchen designs from 2020 (MCE File).
- Check order status, order entry and inquiry.
- View invoice status.
- Add-ons and replacement part search and ordering.
- Access product information including literature, spec books and price books. For questions regarding the spec book, email [specbooksupport@mascocabinetry.com](mailto:specbooksupport@mascocabinetry.com)
- 2020 Design Catalog updates. For questions on 2020 Design Catalogs, email [ecatalogsupport@mascocabinetry.com](mailto:ecatalogsupport@mascocabinetry.com).
- Download promotional materials, including advertising templates and marketing support materials.
- Access of the shopping cart to order samples, printed literature and selection center displays, including replacements.
- Access to the asset management system to view and download high resolution imagery including doors, kitchen photography, logos, and more.

### Merillat Basics™ Cancellation Policy

Merillat Basics™ cabinetry is made to order. That means we don't start building your cabinets until your order is placed. Due to our fast 5-day shipping schedule, orders are fulfilled as quickly as possible, affecting our ability to accept cancellations. To consistently maintain the quick 5-day shipping schedule, our policy is that orders cannot be canceled once placed.

### Merillat Cabinetry Customer Care Resources

Electronic means are convenient, but sometimes you just need to talk to a person, and Merillat Customer Care consultants are here to help. Your consultant can help you:

- Order product.
- Follow up on orders or track delivery progress.
- Discuss product situations or address invoice questions.

Your Merillat® Account Manager is there to help you every step of the way. Make sure to contact them whenever you have questions, concerns or need information.

Additional assistance is available through Customer Care:  
**(855) 896-9803** or [distribution@mascocabinetry.com](mailto:distribution@mascocabinetry.com)  
Hours M-F 8:00 am – 6:00 pm EST

For Order Placement:

- Paperless Ordering available on [CabinetryInfo.com](http://CabinetryInfo.com)
- Fax **(866) 998-4432** or [orderentry@mascocabinetry.com](mailto:orderentry@mascocabinetry.com)

Merillat Cabinetry carries the seal of the Kitchen Cabinet Manufacturers Association (KCMA) Certification Program, which assures that our cabinets meet or exceed the rigorous standards set by the American National Standards Institute (ANSI). Our cabinets are also independently tested to ANSI/KCMA A161.1-2000 and paragraph 611-1.1, “HUD Minimum Property Standards–Housing 4910.1” 9-8-86.

Merillat Cabinetry demonstrates its commitment to environmental sustainability through meeting or exceeding the requirements as outlined in the Environmental Stewardship Program certification, administered by the KCMA.

All Merillat Cabinetry facilities have also obtained ISO 14001 certificate of approval, demonstrating our commitment to reducing the impact of operations on the environment.

# CUSTOMER CARE GUIDELINES

We're committed to providing you with the very best service from start to finish.

*We are always here to help.*

## Merillat Cabinetry Customer Care Resources

Electronic means are convenient, but sometimes you just need to talk to a person, and Merillat Cabinetry Customer Care consultants are here to help.

### Contacting Customer Care:

Phone – (855) 896-9798

Fax – (866) 998-4432

Email – [distribution@mascocabinetry.com](mailto:distribution@mascocabinetry.com)

Order Entry – [orderentry@mascocabinetry.com](mailto:orderentry@mascocabinetry.com)

Hours of Operation:

Monday through Friday – 8 a.m. to 6 p.m. EST

### Contact Customer Care with Questions or Concerns Associated with:

- Order product
- Follow up on orders or track delivery progress
- Discuss product situations or address invoice questions
- Warranty Claims
- Technical issues

### Your Merillat Cabinetry Account Manager is there to help you ... every step of the way. Make sure to contact them whenever you have questions, concerns or need information regarding:

- Display Requests
- Literature Replenishment
- Warranty Resolution
- Logistics Concerns
- Design questions
- Promotional Inquiries

### Merillat Cabinetry Cancellation Policy:

Merillat® cabinetry is made to order. That means we don't start building your cabinets until your order is placed. Due to our fast shipping schedule, orders are fulfilled as quickly as possible, affecting our ability to accept cancellations. To consistently maintain the quick 10-day shipping schedule, our policy is that orders cannot be canceled once placed.

## How to Handle Warranty Claims:

- **Damage** – if you or a customer received the product and the packaging is visibly damaged, request that the driver open the package. The dealer is then responsible for placing the reorder.
- **Missing** – process a replacement order as soon as the shortage is noticed.
- **Warranty** – if a problem arises during the warranty period, simply place a replacement order and notate the original order number.
- A faxed acknowledgement will be sent for replacement part orders.

We are America's Cabinetmaker.®

Basics™ Product Line

**3 YEAR LIMITED WARRANTY**

**Merillat Basics™ Product Line offers a 3-Year Limited Warranty from the date of purchase.**

Full warranty details are available at [www.Merillat.com](http://www.Merillat.com).

# CUSTOMER CARE GUIDELINES

---

## ORDER PROCESS:

### PAPERLESS ORDERING:

- Paperless orders are submitted through CabinetryInfo.com
- The design must be converted to an MCE file before uploading through the Place an Order option in the Order Management drop down portion of the website.
- Consult CabinetryInfo.com for a video tutorial and documents on how to troubleshoot Paperless Ordering, or contact [paperlessorderingsupport@mascocabinetry.com](mailto:paperlessorderingsupport@mascocabinetry.com).

### FAXED ORDERS:

- Faxed orders require the use of our order form, which can be located on CabinetryInfo.com
- Must include: account number, purchase order number, door style, wood species, finish, and any other details pertinent to your order. There should be only one door style and finish on each order form.
- Most orders are entered within 48 business hours of receipt or less.
- Orders must be received by 3pm EST for same day order entry. Product lists from design software, such as 2020 Design, are acceptable.

## ORDER CONFIRMATION:

### PAPERLESS ORDERING:

- You will immediately receive an order acknowledgment with the order number. Should we have a question or discrepancy with your order, you will receive a notification that we have received your order and request that you contact Customer Care at your earliest convenience to resolve.

### FAXED ORDERS:

- Once an order has been received, a faxed or emailed confirmation will follow approximately 2 business days later.

### MONITORING YOUR ORDER:

- You can check the status of an order at any time by logging into CabinetryInfo.com and going to the Order Status section of the Customer Care quick link.

# Code System

## Merillat Ordering Code

Merillat builds its order code from global options, model, and model options which together define an orderable item. The order code is created from the door, finish, construction, cartoning, model and model options to complete the order code. The order code can incorporate all possible combinations available in the Merillat product line. Each order code must be complete to be recognized as a unique product. By understanding the Merillat code system you can identify any product with any variation or option in one place.

Following is a breakdown of each order code segment and how it combines to make a full order code. Each segment is identified with an identification number. That number will be repeated on this page and every page where the specification of product relates to a segment position of the order code.

① Door Style	Code
Collins	CNS
Colony	CLY
Homestead	HMD
McDurmon	MCU
Wesley	WLY

② Species	Code
Birch	BR
Laminate	LM

③ Door Shape	Code

⑨ Cartoning	Code
Cartoned	C
Face Wrap	F

## 10 Model + Options

Code must appear in the order listed below. Not all code slots need to appear in the model + option code, just the options that apply.

10a Model	10b Depth Code	10c Hinging Code	10e Glass Door Code	10d Tray/Shelf Code	10g Partial Cabinet Code
W1842	9" deep 09	Left L	Prepared for Glass Door PG	Half Depth Shelf HDS	Cabinet Front Only CFO
B21	12" deep 12	Right R		Full Depth Shelf FDS	
B27B	15" deep 15			1 Standard Tray 1ST	
U159624	18" deep 18			2 Standard Trays 2ST	Case Only Option CSO
VCD3035DL	21" deep 21			1 Standard Full Width Tray 1FT	Frame Only Option FRM
	24" deep 24				

### Model + Option Code Examples

	Code
Wall Single Door Cabinet 18" Wide x 42" High x 12" Deep Hinged Right	W1842R
Wall Single Door Cabinet 18" Wide x 42" High x 15" Deep	W184215
Base Single Door Cabinet 21" Wide Hinged Right with 1 Standard Tray	B21R1ST
Base BUTT Door Cabinet 27" Wide with Half Depth Shelf	B27BHDS
Base BUTT Door Cabinet 27" Wide with 1 Standard Full Width Tray	B27B1FT
Utility Cabinet Single Door 15" Wide x 96" High x 24" Deep Hinged Right	U159624R
Vanity Combination Drawer 30" Wide x 34 1/2" High Drawers Left	VCD3035DL

# Understanding Product Codes

## Standard Cabinets

Wall Cabinet widths are always listed first followed by height. A standard wall cabinet is 12" deep except for Wall Refrigerator Cabinets which have a standard depth of 24". Thus 27 is the width, 30 is the height and depth is 12". Depth is only listed as the last two numbers when depth is other than standard. Cabinets with a "B" suffix have BUTT Doors without a center stile.

Tall cabinets follow the same sequence characteristics as Wall Cabinets; width first followed by height (eg: U1884). In those instances where the cabinet depth is greater than 12", the sequence is width and height, followed by depth (eg: U188424).

Base Cabinets are simpler than Wall Cabinets because the height (34 1/2" plus 1 1/2" for the countertop) and the depth (24") are always the same unless otherwise noted. The only numbers you need to know are the width. Cabinets with the "B" suffix have BUTT doors without a center stile.

Vanity Cabinets are similar to Base Cabinets; the numbers are used to represent the width. Vanity Sink Base Cabinets are either 31 1/2" or 34 1/2" high plus 1 1/2" for the countertop. This particular cabinet is 31 1/2" high and comes standard with two drawers and is located at the end of the code.

## Cabinets with Options

Trays are an available option for select Base Cabinets. With Trays as options, we are able to communicate with greater detail the different trays to choose from and the availability of the option with ease. The option of 1 Standard Tray has been chosen for this cabinet.

Modified Depth options are available in increments of 3". With six options of Modified Depth to choose from, you are able to interact with our products on a truly semi-custom level. The option of reduce to 15" deep has been chosen for this cabinet. This cabinet is 36" wide, 34 1/2" high with 2 drawers and a modified depth of 15".

## Wood Species and Characteristics

**Birch** is a medium-density hardwood with a distinct, moderate grain pattern that ranges from straight to wavy or curly. The predominant sapwood color is white to creamy yellow, while the heartwood varies in color from medium or dark brown to reddish brown, which may result in color variation within the same door.

**Laminate** is a thermo-plastic polymer wrap that is applied to engineered wood or Medium-Density Fiberboard (MDF). This cabinetry give you a uniform appearance.

## Finishes

Finishes protect and enhance the natural beauty of wood. Extra care is taken to assure a uniform finish. Because we are dedicated to customer satisfaction, we feel that it is important to explain some of the characteristics of finishes on hardwood.

### Finish Terminology

#### End Grain

End grain surfaces and softer areas of the wood may accept more stain and often appear darker than other surfaces. This is a natural reaction when finishing wood products and potential variances **cannot** be controlled.

#### Joint Lines

Since wood is in a constant state of expansion and contraction, visible lines are normal at the joints on the cabinet face frames and doors. This does **not** weaken the finish or the strength of the joint.

## Warping, Cracking & Proper Humidity

As a natural characteristic, all wood products contain moisture. Changes in temperature and humidity affect the moisture content in wood, which causes wood to expand or contract. Over time, this expansion or contraction can cause warping and joint cracks to occur, potentially causing permanent deformations, in wood cabinetry.

To help prevent excessive movement in your wood cabinetry, we recommend maintaining a controlled environment of 70 to 75 degrees Fahrenheit and 30% to 50% humidity in the areas where your cabinetry is stored or installed. Environmental conditions **cannot** be controlled by Masco Cabinetry and the effects of the movement in wood is **not** considered to be a manufacturing defect and will **not** be considered a reason for replacement.

**Note:** Wood products, including cabinet doors and face frames, are typically affected by environmental conditions. Color variation over time, as well as normal movement due to wood's expansion and contraction is part of the natural beauty of wood. This normal movement may cause hairline cracks in the finish surface at the joints and is considered a normal characteristic of semi-opaque or painted finishes. This will **not** be considered a reason for product replacement.

*See the doors section of this book for door specie information and descriptions*

## Stain Finishes

### Stain Process

Stain is applied and brush-wiped to desired color. Next, sealer is applied to protect the finish and minimize warping and cracking of the hardwood. Sealer is then sanded to develop a bonding surface for the topcoating process.

As a final step, a heat activated topcoat is applied to provide a beautiful and durable furniture finish. Finish availability varies by door style.

#### Clove

A rich, medium brown finish that draws out the grain characteristics of Birch. This finish may show a range of color variation which adds to its beauty. The natural wood grain and character continue to show through the finish color.

CLNON Birch

#### Mirage

Light-medium finish that blends color with the natural Birch characteristics. The finish process reduces the variation of wood colors and minimizes color contrast in the finished product. The natural wood grain and character continue to show through the finish color.

MRNON Birch

#### Twilight

Dark semi-transparent finish lets just a hint of the Birch characteristics show through.

TWNON Birch

## Painted Finishes

### Paint Process

Painted finishes feature rich, beautiful color while allowing some of the natural beauty of the wood to show.

Several coats of rich, semi-opaque paint coat the wood using an automated application process.

Natural wood characteristics such as gum pockets, streaks and pin knots may be visible, particularly with some of our lighter paints. These characteristics tend to be more pronounced on the backs of our doors and drawers.

Since wood naturally expands and contracts, you may see hairline separation in the finish surface at the joints. Joint lines are normal and do **not** affect the strength of the door's construction.

**Note:** Self cleaning ovens generate high temperatures which can cause discoloration of painted finishes. To minimize risk, it is recommend that you open doors and drawers adjacent to the oven during cleaning cycles.

#### Cotton

White

CTNON Birch

## Laminate

### Wrapped Process

Door rails and stiles are individually wrapped with laminate. Slab drawer front is medium density fiberboard (MDF) core with laminate wrap and edge banded along side edges. The cabinetry face frame features solid hardwood finished to match the wrapped doors and drawer fronts. While great care has been taken to match the face frame to the doors and drawer fronts, texture and color variations can be expected. Prolonged exposure to tobacco smoke will discolor wrapped finishes, and this side effect is **not** covered under warranty. Finish availability varies by door style.

**Note:** Self cleaning ovens generate high temperatures which can cause discoloration of laminated finishes. To minimize the risk, it is recommended that you open the doors and drawers adjacent to the oven during cleaning cycles.

# Cabinet Specifications

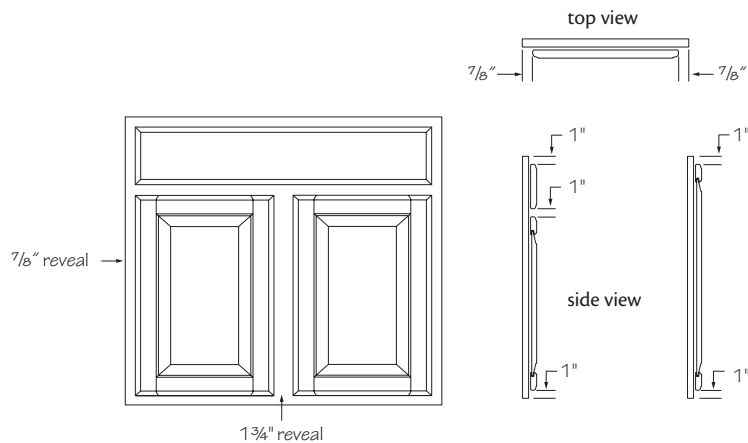

## Construction Options and Modifications

### Full Overlay - Concealed Hinges

- Full Overlay doors leave  $\frac{3}{16}$ " of the cabinet's face frame exposed on either side of the doors and  $\frac{3}{8}$ " exposed between doors
- Butt door cabinets have  $\frac{1}{8}$ " reveal between doors
- Nickel-finished self-closing hinges. Adjustable six ways for perfect alignment
- The reveals shown here may vary slightly on some cabinets due to actual door/drawer front sizes used

### Traditional Overlay - Concealed Hinges

- Traditional Overlay doors leave  $\frac{7}{8}$ " of the cabinet's face frame exposed on either side of the doors and  $1\frac{3}{4}$ " exposed between doors
- Butt door cabinets have  $\frac{1}{8}$ " reveal between doors
- Nickel-finished self-closing hinges. Adjustable six ways for perfect alignment
- The reveals shown here may vary slightly on some cabinets due to actual door/drawer front sizes used

### Wall and Base Frame Dimensions

- Vertical opening sizes are preceded by an asterisk (\*)
- Unless otherwise noted, all stiles and rails are 1 1/2" wide
- Unless otherwise noted, depth of cabinets excludes doors
- 3" wide vertical stiles divide double door cabinets, + indicates stiles are removed on butt door cabinets

### Tall Frame Dimensions

- Vertical opening sizes are preceded by an asterisk (\*)
- Unless otherwise noted, all stiles and rails are 1 1/2" wide
- Unless otherwise noted, depth of cabinets excludes doors
- 3" wide vertical stiles divide double door cabinets

### Oven Cabinet Universal Frame Dimensions

- Vertical opening sizes are preceded by an asterisk (\*)
- Unless otherwise noted, all stiles and rails are 1 1/2" wide
- Unless otherwise noted, depth of cabinets excludes doors
- Cabinets have 3" wide trimmable full-length vertical stiles that provide opening width adjustment
- Substitute “\_” with cabinet’s height

### Oven Cabinet Universal (OCU)

Maximum Vertical Openings for Oven				
Cabinet Height	A	B	C	D
84"	60"	53 3/4"	47 1/4"	40 3/4"
90"	60 1/2"	54 1/4"	47 3/4"	41 1/4"
96"	60"	53 3/4"	47 1/4"	40 3/4"

### 31 1/2" Vanity Frame Dimensions

- Vertical opening sizes are preceded by an asterisk (\*)
- Unless otherwise noted, all stiles and rails are 1 1/2" wide
- Unless otherwise noted, depth of cabinets excludes doors

### 34 1/2" Vanity Frame Dimensions

- Vertical opening sizes are preceded by an asterisk (\*)
- Unless otherwise noted, all stiles and rails are 1 1/2" wide
- Unless otherwise noted, depth of cabinets excludes doors

### Universal Frame Dimensions

- Vertical opening sizes are preceded by an asterisk (\*)
- Unless otherwise noted, all stiles and rails are 1 1/2" wide
- Unless otherwise noted, depth of cabinets excludes doors
- 3" wide vertical stiles divide double door cabinets, + indicates stiles are removed on butt door cabinets

18	Depth Modification	----	⑩b
21	Depth Modification	----	⑩b
24	Depth Modification	----	⑩b

**Note:** Standard wall cabinet box depth is 12" unless stated otherwise. Add door thickness with bumpers for total depth.

**Caution:** Installation of a wall cabinet 30" or wider requires additional support, such as attachment to a soffit, or support from below. Failure to provide additional support could result in collapse of the cabinet, serious personal injury, or property damage. Damage relating to failure to provide additional support is **not** covered by the limited warranty. See inside cover for warranty details

Any wall cabinet over 24" wide or 30" high with a depth greater than 12" and/or butt doors **must** be installed between two cabinets, a cabinet and a wall, or supported from below. Material dimensions may vary slightly based on lumber industry standards.

Specifications subject to change without notice.

### Wall Blind Corner Cabinet Information

Wall Blind Corner Cabinet  
Blind Right (BR) shown

- Wall blind corner cabinets provide access to corner space and permits adjustability of up to 2 7/8" maximum to aid in kitchen cabinet layout. Consult chart for "pull" dimensions and minimum wall space requirements.
- "Pulling" the cabinet away from the corner (2 7/8" maximum), and using the supplied filler and panel provides clearance for opening doors when decorative hardware is used.
- BR or BL indicates blind end of cabinet. Please specify.
- Door hinged on same side as blind
- Cabinets may be changed from right to left blind by inverting cabinet.
- **Note:** A 3" Wall Filler and Blind Panel is included with each WBC cabinet ordered, shipped unattached.

Base Blind Corner Cabinet Blind Right (BR) shown

### Base Blind Corner Cabinet Information

- Base blind corner cabinets provide access to corner space and permit adjustability of up to 2 7/8" maximum to aid in kitchen layout. Consult chart for "pull" dimensions and minimum wall space requirements
- "Pulling" the cabinet away from the corner (adding up to 2 7/8" maximum to the void area), and using the supplied filler and panel, provides clearance for opening doors and drawers when decorative hardware is used
- BR or BL indicates blind end of cabinet. Please specify.
- Door hinged on same side as blind
- Blind side **must** be ordered left or right (**Not** field convertible)
- Full overlay products **must** be pulled the maximum 2 7/8" for proper hardware clearance for drawer and roll-out trays of adjoining cabinet
- **Note:** A 3" Base Filler and Blind Panel is included with each BBC cabinet ordered, shipped unattached

### BEP34

#### Base Wastebasket Floor Mount Kit Single

(10a)  
**BWBFMK-1**

- White epoxy coated wire
- Fits base cabinets 15" or wider
- Includes 30 qt. white plastic bin
- 3/4 extension roll-out assembly mounts to floor of cabinet
- Installation instructions and mounting hardware included
- One per carton

<b>BR</b>	(2)
<b>LM</b>	(2)

#### Base Wastebasket Top Mount Assembly

(10a)  
**BWFTA18**

- Uses door from existing cabinet
- Top mounted wastebasket assembly rolls out on full-extension ball-bearing slides
- Includes two 35 qt. white plastic baskets which are easily removable for emptying and cleaning
- Baskets rest on solid wood platform
- 35 qt. basket is 10 1/2" x 14 5/8" x 18" high
- Installation instructions and mounting hardware included
- One per carton

<b>BR</b>	(2)
<b>LM</b>	(2)

#### Base Swing-Out Shelves

**BSOS45 shown**

(10a)  
**BSOS42**  
**BSOS45**

- For use in Base Blind Corner Cabinets (BBC)
- May be installed for right or left blind application
- Two high-impact white plastic half-moon swing-out shelves
- BSOS42 shelves support up to 38 lbs. and is 31 9/16" x 12 1/2"
- BSOS45 shelves support up to 45 lbs. and is 33" x 15 1/2"
- Bottom shelf pulls out for easy access
- Fixed height shelves attach to center post (included) and rotate independently to 90°
- BSOS42 requires 13 1/4" minimum cabinet opening (BBC42/45)
- BSOS45 requires 16 1/16" minimum cabinet opening (BBC45/48 and BBC48/51)
- Installation instructions and mounting hardware included

We manufacture cabinets that are readily used in floor plans that meet current ADA Accessibility Guidelines for Building and Facilities (ADAAG) guidelines. The primary responsibility to make a space comply with these guidelines is on the architect or space planner. Our products can be used to help satisfy the storage needs and accessibility requirements of disabled persons but depends on the knowledge, skill and creativity of the design professional and proper installation of these products. ADA Accessibility Guidelines for buildings and facilities can be visited online at: [www.access-board.gov](http://www.access-board.gov)

Material dimensions may vary slightly based on lumber industry standards.

Specifications subject to change without notice.

- LKDVMFESAGDEL attaches under left front corner of drawer core
- LKDVMFESAGDER attaches under right front corner of drawer core
- One per carton

### Rear Mounting Bracket Set

⑩a

**RPLRMTGBRKT\_BWBTSET**

- Rear mounting bracket for the Base Wastebasket Top Mount (BWBT). Includes right and left brackets
- One set per carton

**Rear Mounting Bracket - 3/4 Extension Side Mount Roller Guides**

⑩a

**RMBSMGDE  
 RMBSMGDE-25**

- Attaches using the guide holes in the back of the cabinet
- For use with 3/4 Extension Side Mount Roller Guides
- Offered individually or quantities of 25 per carton

**Rear Mounting Bracket - 3/4 Extension Side Mount Roller Guides Peninsula Base**

⑩a

**RMBSMGDEPB  
 RMBSMGDEPB-2**

- Attaches to back frame of cabinet using a screw
- For use with Peninsula Base (PB) cabinets with 3/4 Extension Side Mount Roller Guides
- Offered individually or two per carton

**Rear Mounting Bracket - Full Extension Side Mount Ball Bearing Guides**

⑩a

**RMBFESMBBGDE**

- Attaches using the guide holes in the back of the cabinet
- One per carton

**Rear Mounting Bracket - Full Extension Under Mount Soft-Close Guides**

⑩a

**RMBUMFESAGDE-2**

- Attaches using the guide holes in the back of the cabinet
- Two per carton

**Rear Mounting Bracket - Full Extension Under Mount Soft-Close Guides Peninsula Base**

⑩a

**RMBUMFESAGDEPB-2**

- Attaches to back frame of cabinet using a screw
- Two per carton

**Rear Mounting Bracket - Full Extension Under Mount Soft-Close Guides DKD**

⑩a

**RMBUMFESAGDEDKDSET**

- Attaches using the guide holes in the back of the cabinet
- Includes a left and right rear mounting bracket
- One set per carton

**170 Degree Hinge**

⑩a

**HIN170FRM-1CT**  
**HIN170FRM-10CT**

- Nickel plated finish
- Includes hinge and mounting plate
- Used on Traditional and Full Overlay Base Corner Revolving (BCR) and Base Corner Fixed Shelf (BCFS) cabinets
- Offered individually or 10 per carton

**Bi-Fold Hinge**

⑩a

**HINBIFOLD-1CT**  
**HINBIFOLD-10CT**

- Nickel plated finish
- Includes hinge and mounting plate
- Used on Traditional and Full Overlay Base Corner Revolving (BCR) and Base Corner Fixed Shelf (BCFS) cabinets
- Offered individually or quantities of 10

**Face Mount Hinge**

⑩a

**HINFM-1PR**  
**HINFM-10PR**

- Nickel plated finish
- Used on Traditional and Full Overlay Oven Cabinet Universal (OCU) cabinets
- Offered as a pair or 10 pairs per carton

**Full Overlay 6 Way Hinge**

⑩a

**HINFOL6WY-1PR**  
**HINFOL6WY-10PR**

- Nickel plated finish
- 6 way door adjustment
- Includes hinges and mounting screws
- Used on Full Overlay cabinets
- Offered as a pair or 10 pairs per carton

**Traditional Overlay 6 Way Hinge**

⑩a

**HINTOL6WY-1PR**  
**HINTOL6WY-10PR**

- Nickel plated finish
- 6 way door adjustment
- Includes hinges and mounting screws
- Used on Traditional Overlay cabinets
- Offered as a pair or 10 pairs per carton

**1/2", 5/8" and 3/4" Shelf Clip**

**SHCLP12**  
**SHCLP12-20**  
**SHCLP12-100**

⑩a

*5/8" Shelf Clip*  
**SHCLP58**  
**SHCLP58-20**  
**SHCLP58-100**

*3/4" Shelf Clip*  
**SHCLP34**  
**SHCLP34-20**  
**SHCLP34-100**

- Clear plastic locking clip
- Offered individually or quantities of 20 and 100

### 1/2" Shelf Clip with Stop

⑩a

Left  
**SHCLPLK12L**  
**SHCLPLK12L-20**  
 Right  
**SHCLPLK12R**  
**SHCLPLK12R-20**

- Clear plastic locking clip with front edge restraint
- Used for base cabinets with Half Depth Shelf Option
- Offered individually or 20 per carton

### Shelf Support Back Pack

⑩a

**SHSUPBPK**  
**SHSUPBPK-100**

- Clear plastic shelf support back
- Includes 2 supports and 2 screws per pack
- Used to support the back edge of shelf, attaches to back of cabinet with a screw
- Offered individually or 100 per carton

### Shelf Support Center

⑩a

**SHSUPC**  
**SHSUPC-10**

- Clear plastic center shelf support
- Used to support the front edge of shelf, insert into hole in back of center stile
- Offered individually or 10 per carton

### Shelf Support Pack

⑩a

**SHSUPPK**  
**SHSUPPK-25**

- Clear plastic shelf support/center shelf support
- Includes 5 supports and 2 center shelf support
- Used in Bookcase (BK) cabinets
- Offered individually or quantities of 25 per carton

### Vent Clip Pack

⑩a

**VNTCLPPK**  
**VNTCLPPK-25**

- Used to attach false drawer fronts on Sink Base and select Vanity Cabinets
- Includes two clips, two post and mounting screws per pack
- Offered individually or quantities of 25 per carton

### Back Plugs

⑩a

# Touch Up Materials

## Cabinet Care Kit

- One 8 oz. squeeze bottle of concentrated wood cleaner
- One 8 oz. squeeze bottle of cabinet/furniture polish and restorer
- Two 13" x 12" cleaning and polishing cloths
- One 17" x 13" dusting cloth
- Direct ship program

## Cabinet Cleaning and Polishing Cloths

- 13" x 12" cleaning and polishing cloths
- 25 per carton
- Direct ship program

## Cabinet Dusting Cloths

- Treated to pick up and hold dust within cloth
- Six per carton
- Direct ship program

### Cabinet Repair Kit

⑩a  
CRK

- Repairs:
  - Scratches and chipped areas
  - Open joints
  - Cracks, cavities
  - Finish runs
  - Rough finish
  - Finish edge cut-through
  - Burn marks
  - Spray finish applications
  - Putty applications
- Kit includes:
  - 1-13 oz. can Touch-up Primer
  - 1-13 oz. can Touch-up Topcoat
  - 1-4 oz. can Soft Putty
  - 1-1 oz. tube SeamFil
  - 1-Touch-up Marker
  - 1-Fill Stick
  - 1-Piece 220x Sand Paper
  - 3-Page instruction sheet
- Available in Cotton, White and Grey only

### Fill Stick

⑩a  
FS  
FS-12

- Matching putty crayon
- Available in all finishes
- Offered individually or 12 per carton

### Touch Up Kit

⑩a  
TUK

- Available in all finishes
- Used for final touch up and detailing
- Kit includes Touch Up Pen (TP), Fill Stick (FS), a bottle of touch up topcoat and a plastic storage case
- One per carton

### Touch Up Pen

⑩a  
TP  
TP-12

- Felt tip marker with matching stain or paint
- Available in all finishes
- Offered individually or 12 per carton

### Touch Up Spray Can Primer

⑩a  
**TSCP**  
**TSCP-12**

- Touch up topcoat paint for Cotton, White and Grey Finishes
- For use with Touch Up Spray Can Topcoat (TSCT)
- 13 oz. aerosol spray can
- Offered individually or 12 per carton
- Direct ship program

### Touch Up Spray Can Topcoat

⑩a  
**TSCT**  
**TSCT-12**

- Touch up topcoat paint for Cotton, White and Grey finishes
- For use with Touch Up Spray Can Primer (TSCP)
- 13 oz. aerosol spray can
- Offered individually or 12 per carton
- Direct ship program

### Touch Up Quart

⑩a  
*Stain*  
**QST**  
*Paint*  
**QP**  
*Clear Sealer/Topcoat*  
**QCST**

- Matching stain, paint, and clear sealer/topcoat
- Available in quarts only
- Direct ship program

### Putty

⑩a  
**PUTTY**

- 4 oz. jar
- Available in Cotton, White and Grey only

# Sales Doors

(10a)

**SLDO14.75X11.25**

## Sales Door

(10a)

**SLDO14.75X11.25**

- Available in all door styles, species and finishes
- Includes door only
- One per carton

## Vanity Front Sample

(10a)

**VF12**  
**VF15**

- Available in all door styles, species and finishes
- Includes face frame, door, and drawer front from a VB12 or VB15 Vanity cabinet
- Door and drawer front sizes may vary depending on full or partial overlay
- One per carton

## How to Use This Section

This guide details how to understand the accessory door(s), replacement door(s) and drawer front nomenclature. To choose doors and drawer fronts for special decorative applications, use the Sizes section and look in the appropriate overlay column to determine which doors and drawer fronts are needed. Then look up the door(s) and drawer front(s) in the Price List catalog under the price column number appropriate to your door style.

### Accessory Non-Drilled Door Information (ANDO)

Accessory non-drilled doors are not prepared for hinges.

Accessory non-drilled doors are coded for easy reference. The prefix indicates door and usage. The first two digits indicate nominal width and the second two digits indicate nominal height.

### Accessory Hinged Door Information (AHDO)

Accessory Hinged doors are prepared for, and include hinges. Accessory Hinged doors are shipped with pliable bumpers attached.

Accessory Hinged doors are only available as Prep for Glass.

Accessory Hinged doors are coded for easy reference. The prefix indicates door type. The first two digits indicate nominal width and the second two digits indicate nominal height.

### Replacement Door and Drawer Front Information (RDO and RDF)

Replacement doors are prepared for hinges. Replacement doors and drawer fronts are shipped with pliable bumpers attached.

Replacement doors and drawer fronts are coded for easy reference. The prefix indicates door or drawer and usage. For replacement doors the first two digits indicate nominal width and the second two digits indicate nominal height. For replacement drawer fronts the first two digits indicate nominal width and the suffix notes the height.

## Prefix Codes

### Prefix Code Index

AHDO	Accessory Hinged Door
ANDO	Accessory Non-Drilled Door
RDF	Replacement Drawer Front
RDO	Replacement Door

### Replacement Door suffix codes are as follows:

B	Butt door
BWBT	Base Wastebasket Top Mount
TALL	Tall door
WA	Wall Angle

### Accessory Non-Drilled Door specific prefix codes are as follows:

ANDOBCR33	Accessory non-drilled door for Base Corner Revolving 33
ANDOBCR36	Accessory non-drilled door for Base Corner Revolving 36
ANDOWBC24/27(xx)	Accessory non-drilled door for Wall Blind Corner 24/27 (all heights)

### Replacement Drawer Front suffix codes are as follows:

STD	5.500 or 6.125 front height
DP1	9.000 or 9.750 front height
DP2	10.375 or 11.188 front height

**Notes**

We are America's Cabinetmaker.<sup>®</sup>  
Basics™ Product Line

### Merillat® Cabinets

Merillat® cabinetry makes better use of nature's hardwood, while providing a quality product. The wide range of wood colors and grain variations are natural characteristics of the wood and not a defect.

### CABINET FRAMES

3/4" thick, kiln dried, solid hardwood joined with pocket screw jointery construction.

### END PANELS

3/8" thick engineered wood is permanently finished on 2 sides with a laminate resistant to water and most household chemicals. End panels are machined to accept tops, bottoms, and backs. Ends are drilled to accept adjustable shelves. Tall cabinet end panels are 1/2" thick.

### WALL TOPS AND BOTTOMS

3/8" thick engineered wood is permanently finished on 2 sides with a laminate resistant to water and most household chemicals.

### BASE BOTTOMS

3/8" thick engineered wood is permanently finished on 1 side with a laminate resistant to water and most household chemicals.

### SHELVES

1/2" thick engineered wood is permanently finished on 2 sides for full depth shelves. Half-depth base cabinet shelves in 33" wide cabinets and wider are finished 1 side, half-depth base cabinet shelves in cabinets less than 33" wide are finished two sides with a laminate resistant to water and most household chemicals. Front edge is edge banded with melamine banding. Wall and Base cabinets have adjustable shelves supported by adjustable shelf clips.

Half-depth shelves in base cabinets 33" wide and wider have a matching full-length support apron secured to the underside near the front edge for additional support. Shelves are designed to support 15 lbs. per square foot, not to exceed 50 lbs. per shelf.

### BOOKCASE SHELVES

3/4" thick engineered wood, permanently laminated two sides to match exterior finish of cabinet. All bookcase units have adjustable shelves. Front edge is edge banded.

### WALL BACKS

3/8" thick engineered wood finished on one side with a laminate resistant to water and household chemicals. Full-length dados in back allow tops and bottoms to be captured, stapled and glued.

### BASE BACKS

1/4" thick engineered wood finished on one side with a laminate resistant to water and household chemicals. Extends full-length to floor.

### WALL HANGRAILS

3/8" thick engineered wood full-length across top and bottom secured with staples.

### BASE HANGRAILS

1/4" Engineered Wood full-length across top secured with staples

### DRAWER GUIDES

75 pound rated drawer guide system, side mounted, 3/4 extension with self adjusting mounting brackets at rear. Drawer slides are fastened to the drawer box with screws.

### DRAWER FRONTS

3/4" solid hardwood on all wood styles. Laminate and substrate on laminate drawer fronts use the same materials as corresponding door style.

### DRAWER BOX

1/2" thick sides, fronts and backs of engineered wood. Top edges are finished with melamine banding. Side surfaces are finished with a laminate resistant to water and most household chemicals. 3/8" thick engineered wood bottom panel is finished on one side with same laminate. Laminate/edgebanding finish is Natural Maple. Drawer sides are rabbeted to join the drawer box fronts and backs. Each corner is joined with glue and stapled. Standard drawer interior height is 3 5/8". Base cabinet interior front-to-back depth is 20 11/16", vanity is 17 15/16".

### OPTIONAL DOVETAIL WOOD DRAWER WITH UNDERMOUNT GUIDE SYSTEM

5/8" sides, fronts and backs are solid hardwood. Drawer sides, fronts and backs are joined with half blind dovetail joints.

Nominal 3/16" Medium Density Fiberboard (MDF) drawer bottom is laminate surface for easy cleaning. Drawer bottom is joined to the drawer sides, front and back on all 4 sides with a groove.

Hardwood drawer components are finished with clear sealer and topcoat on exposed surfaces. Standard drawer interior height is 2 3/4"; deep drawers are 5 3/4". Base cabinet interior front-to-back depth is 19 13/32", vanity is 16 7/16".

Full extension soft close undermount guide system is concealed, self closing and can be adjusted to align the drawer head.

### TOEKICK

3/8" thick engineered wood. Toekick extends from floor to bottom of cabinet, closing the toe kick area. Toekick cover is required and sold separately.

### HINGES

Traditional overlay door styles come with fully concealed European style hinges that feature 105° opening, 6-way adjustment, and a self closing feature.

Full overlay door styles come with fully concealed European style hinges that feature 107° opening, 6-way adjustment, and a self closing feature.

Some corner cabinets using concealed hinges will have hinges with wider opening capability for improved access.

### CARTONING

Select door styles and/or finishes are available with face wrap. Not all cabinets are available with face wrap. Contact your Customer Service Representative for details.

### CERTIFIED CABINET AND FACILITY

Merillat® cabinetry carries the seal of the Kitchen Cabinet Manufacturers Association (KCMA) Certification Program, which assures that our cabinets meet or exceed the rigorous standards set by the American National Standards Institute (ANSI). Our cabinets are also independently tested to ANSI/KCMA A161.1-2000 and paragraph 611-1.1, "HUD Minimum Property Standards-Housing 4910.1" 9-8-86.

Merillat® cabinetry demonstrates its commitment to environmental sustainability through meeting or exceeding the requirements as outlined in the Environmental Stewardship Program certification, administered by the KCMA.

All Merillat® cabinetry facilities have also obtained ISO 14001 certificate of approval, demonstrating our commitment to reducing the impact of operations on the environment.
